## **IX. OLD BUSINESS**

### **A. DISCUSSION WITH DANIEL BERGEVIN, PRESIDENT, DAVID'S TRASH SERVICE**

Mayor Hawkins asked the Interim Town Manager Layton to elaborate. Interim Town Manager Layton stated that there was significant discussion regarding the service provided by David's Trash Service at the Council's June 1st work session. Council requested that the Interim Town manager write a letter

requesting that Mr. Bergevin be present at the today's Council Meeting to discuss complaints that each Council Member has been receiving regarding the company's performance. Mr. Bergevin was then given an opportunity to discuss the issues. Mr. Bergevin stated his case, while trying to clear up what he felt were misconceptions. Mr. Bergevin passed around pictures that he had taken, and stated that he has never had any problem with any other town that he has worked with except for Plymouth. After lengthy discussion of complaints with the Council, as well as input from staff, staff was given instructions to meet with Mr. Bergevin in order to work out a solution to the ongoing problems. Councilwoman Byers and Councilman Wobbleton volunteered to attend the meeting as well

**B. DISCUSSION/CONSIDERATION OF AUTHORIZING THE MAYOR TO EXECUTE A LETTER WITH THE UNITED STATES DEPARTMENT OF AGRICULTURE DECLINING A RURAL DEVELOPMENT LOAN IN THE AMOUNT OF \$942,291 FOR A DOWNTOWN REVITALIZATION – SIDEWALK PROJECT**

Mayor Hawkins asked Interim Town Manager Layton to elaborate on this item. Interim Town Manager Layton stated that in July 2019, the Town entered into an agreement with the United States Department of Agriculture for a Rural Development Loan in the amount of \$942,291 for a Downtown Revitalization – sidewalk, project. Prior to the execution of the loan documents and the receipt of Local Government Commission approval, the scope of work for the project changed. The project lay dormant and the USDA extended the loan agreement for a period of two years, with the second year expiring on July 8, 2021. The USDA has requested that the Town either decline the funds or request another extension of the loan agreement. Since there are currently no plans to construct the sidewalk project as originally approved in the loan agreement and the funding can only be used for purposes that were approved in the agreement, staff recommended that the Town decline the loan by sending a letter from the Mayor indicating that action. Councilwoman Byers asked if there was a plan in place to improve the sidewalks without the loan. Interim Town Manager Layton responded that he is not aware of another plan; however it does not mean that improvement of sidewalks cannot be addressed. He reiterated that the project has been sitting for more than a year without any movement. Interim Town Manager Layton expressed that there was also the issue of repayment of the loan. After further discussion, Mayor Pro Temp Brooks moved to terminate the loan with the understanding a plan will be put in place to fix the sidewalk, return with a new plan for the sidewalks, water and sewer. The motion was seconded by Councilwoman Williams. After discussion, a roll call vote was taken. Motion passed 6-0.

**X. PRESENTATION TO COUNCIL**

Mr. Harrison showed a presentation of several logos that have been recently proposed to the Washington County Commissioners at their meeting as well as highlights from the Bearfest.

## **XI. NEW BUSINESS**

### **OVERVIEW OF PROPOSED SOLID WASTE DROPOFF STATION SCHEDULED FOR JULY 16 – 18, 2021**

Mayor Hawkins asked Interim Town Manager Layton to address the issue. Last month Mayor Pro Tempore Brooks approached him to inquire about the possibility of the Town holding a weekend solid waste drop-off station event this summer to allow citizens to dispose of household solid waste outside of the normal solid waste pick up provided by David's Trash Service. The annual event had been discontinued several years ago due to abuse of the service, largely caused by lack of security at the drop-off sites, use by non-Plymouth residents, and disposal of inappropriate items, such as tires. It was explained that, in order to hold the event, a location needed to be found that could be secured when not in use, that staff would need to be in place to check both residency and the type of items being disposed of, and that the time of the event should be limited to a weekend, rather than several weeks. Interim Town Manager Layton further explained that the Town does not own a suitable area that can be secured; however, the Washington County Board of Education Maintenance Yard located on Adams Street can be secured and permission has been received to use the location for the weekend of July 16 – 18, 2021. He reported that the cost to hold the event is estimated to be \$10,000 and would be included as part of the FY 2022 Budget. Director of Public Works Mike Wright stated that the process would be handled differently this time should the Council approve it.

## **XI. TOWN ATTORNEY'S REPORT**

Mayor Hawkins turned the floor over to Attorney Natalia Isenberg. Attorney Isenberg reported that she had been working with Interim Town Manager Layton and can give her report in closed session.

## **XII. INTERIM TOWN MANAGER'S REPORT**

### **A. UPDATE ON DISTRESSED UTILITES DESGNATION**

Interim Town Manager Layton reported that on June 8, 2021, staff as well as the Mayor and Councilwoman Williams participated in an orientation webinar related to the Town's designation as a "distressed" utility. The Viable Utility Reserve orientation session was an initial overview of the program, requirements for "distressed" utility local governments, next steps, and funding support availability. He further reported that requirements for distressed utility local governments include education of staff and governing

bodies, AIA and rate studies, and short and long term action and financial plans. The next steps will consist of the Division of Water Infrastructure providing guidance on how to meet these requirements.

## **B. UPDATE ON 2020 CENSUS ELECTION IMPACTS**

Interim Town Manager Layton also reported that on June 9, 2021, the North Carolina House approved Senate Bill 722 with a few changes, which is related to the 2020 Census and its impact on the 2021 fall elections. The legislation requires that the Town notify the Board of Elections by November 12, 2021, whether or not the electoral districts can be provided by November 17 or December 17, 2021. If provided by November 17<sup>th</sup>, the filing period will be from December 6<sup>th</sup> through noon on December 17<sup>th</sup>. If provided by December 17<sup>th</sup> the filing period will be from January 3<sup>rd</sup>, 2022 until noon January 6<sup>th</sup>, 2022. The Town of Plymouth's election, since it uses the "nonpartisan plurality method" will be March 8<sup>th</sup>, 2022. Winners will be sworn in at a selected time after the certificate of election is issued.
